Press Release - 10/7/2011

Village of Baldwinsville Approves YMCA Resolution

Last night the Village of Baldwinsville unanimously approved a resolution endorsing the concept of a YMCA facility within the Village of Baldwinsville.

The resolution reads as follows:

Whereas, the Village of Baldwinsville has been informed that the YMCA is currently evaluating a number of sites as part of its plan to build a new facility in the Northwest Corner of Onondaga County; and

Whereas, the YMCA promotes healthy living for all ages, social responsibility and community values as part of its mission statement; and

Whereas, the YMCA offers a wide variety of educational, artistic and health and wellness programs to help further its mission; and

Whereas, the Village of Baldwinsville has determined that the building of a YMCA facility would greatly enhance the quality of life and be an asset to the community; it is hereby

Resolved and Determined, that the Village of Baldwinsville will work in good faith with the YMCA on the potential development of a YMCA facility within the Village of Baldwinsville, subject to formal planning board approval; and it is hereby further

Resolved and Determined, that the Village of Baldwinsville Board of Trustees welcomes the opportunity to host the YMCA.

Mayor Joseph Saraceni stated that a YMCA located within the village, “would provide residents with a walkable facility, utilize existing infrastructure and be a convenient location for all of Greater Baldwinsville. He stated further, “that all efforts would be made to work with the YMCA to create a facility worthy of their long commitment to building this community asset in the northwest corner of the county.”
